

How to shorten a course.

You can shorten a course (finish) at any rounding mark.

Display Flag S  with 2 sounds.

AND if there is more than one class coming round the mark you must fly Flag S & the Class Flag for which boats you intend to finish.

Class Flags

Swallow

Sunbeam

XOD

14's

RS800

RS200

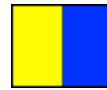

420

Mirror

K6

Position your boat at right angles to the course from the last mark they rounded, and about 20 – 50m from the buoy. Be ready to write the sail numbers and give a sound signal.

How to change a course

You can change a course at any rounding mark.

Display Flag C  and the class flag below with repetitive sounds.

Display clearly on a board the next mark/s.

You need to be in a position where **ALL** boats can clearly see you.

- About 100 metres before the mark
- Windward of the boats
